

DETOUR GOLD CORPORATION

ENVIRONMENTAL POLICY

APPROVED BY THE BOARD ON MAY 29, 2008

DETOUR GOLD CORPORATION

ENVIRONMENTAL POLICY

Detour Gold Corporation is committed to conducting its business in a safe and environmentally responsible manner. The Company's policy is to conduct its operations while protecting the environment, the health and safety of its employees, and the public.

The Company also considers that health and safety represent a responsibility which is shared with the employees and that these employees must involve themselves in the procedures designed for the protection of employees, workplace and environment.

Consequently, the Company and its employees are committed to:

- developing an approach that will combine technical and economic feasibility, good mining practices and completion of work programs with the objective of minimizing the risks to health, safety and the environmental;
- providing the training, education and supervision required in order to maintain a safe work place for all people, including employees, contractors and visitors;
- maintaining emergency response plans at our work sites;
- ensuring that contractors operate according to our environmental policy and procedures
- complying with all applicable laws and regulations;
- listening to the concerns of the company, employees and members of the community who are affected by the operations and work programs, relating to quality of the environment; and
- rehabilitating sites in accordance with regulatory criteria and timeframe.

This Policy was adopted by the Board of Directors on May 29, 2008.

By order of the Board of Directors
Detour Gold Corporation
